

DEMAND DONALDSON

## Filtration and Exhaust Products For Maximum Productivity

Donaldson offers a full range of filtration and exhaust system products for agricultural equipment. Our products enhance engine and equipment performance while protecting the environment in which they operate.

OEMs around the world choose Donaldson for first fit applications. When it's time for replacement, Donaldson provides the right balance of quality and value needed for your operation.

# Products for Superior Performance And Longer Service Intervals

## Air Filtration

- Donaldson air filters contain filter media specially formulated to trap contaminants such as dirt, dust and soot before they reach your engine.
- PowerCore® air filters are designed to allow high airflow in minimal space.
- RadialSeal™ design provides the most consistent and reliable seal and the best protection for your engine.

## Lube Filtration

- Donaldson lube filters protect your engine by capturing wear metals, soot and other contaminants in your engine oil.
- Donaldson Endurance™ lube filters with Synteq™ filter media help extend service intervals.

## Fuel Filtration

- Donaldson fuel filters help prevent premature injector and pump wear by delivering clean fuel to your engine.
- The Twist&Drain™ fuel filter water separator takes the mess out of draining water from your filter.

## Hydraulic Filtration

- A full line of hydraulic and transmission filters protect expensive hydraulic components.
- Duramax® filters have become the industry standard for operating pressures up to 350 psi.

## Mufflers & Exhaust Accessories

- Donaldson offers replacement mufflers, clamps and accessories for complete exhaust system maintenance.
- Donaldson exhaust ejectors are available in 3-styles.

## Filtration Accessories

- Donaldson TopSpin™ self-ejecting pre-cleaners extend air filter and equipment life.
- Filter service indicators reduce air filter maintenance costs and eliminate over-servicing.
- Vacuum valves, standard on many air cleaners, are vital to the functionality of the air cleaner during pre-cleaning.

# Demand Donaldson for Your Ag Equipment!

Your equipment operates in all kinds of environments. Donaldson products provide peak engine and equipment performance, no matter where you need them.

Donaldson delivers a complete product line for both on- and off-road vehicles and equipment.

Tractors

Agricultural Equipment

Pickup Trucks

Light Construction and Logging Equipment

## A History of Filtration Innovation

**It started with the invention of an air cleaner for a dust-choked tractor.**

The first successful engine air cleaner was invented in 1915 by founder Frank Donaldson to keep a farm tractor operating in dusty field conditions. Since then, Donaldson Company has continued to innovate and advance filtration technology that helps customers achieve maximum productivity from their engines, vehicles and equipment.
