

Here's proof!

# The Original Donaldson Air Filter Out-Performs Luber-finer

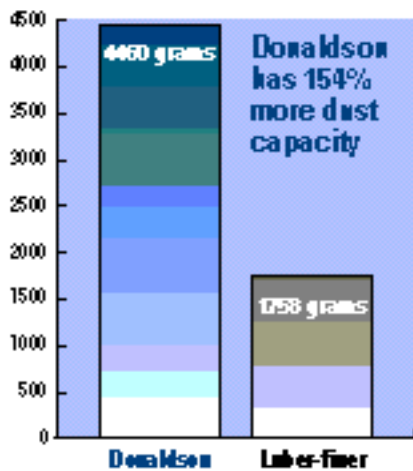

Donaldson P153551  
vs.  
Luber-finer LAF3551

Donaldson P153551

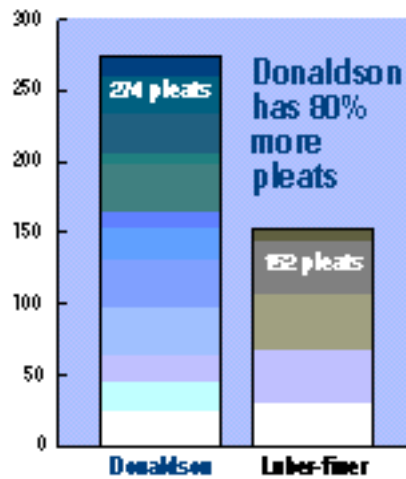

## Longer Filter Life

Contaminant Holding Capacity

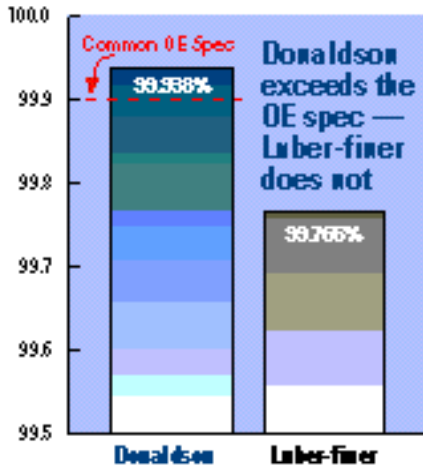

## More Media

Filter Pleat Count

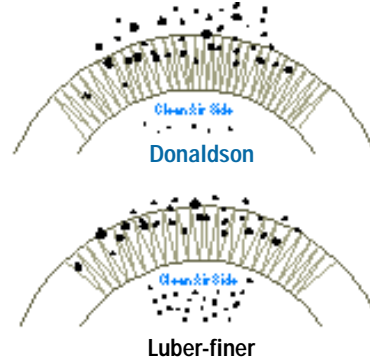

## Better Engine Protection

Filtration Efficiency

For every 8 grams of dirt passed through the Luber-finer filter, the Donaldson filter passed only 2 grams.

The cross sectional illustrations are representative of a 4:1 efficiency ratio.

Test results are an average from the testing of three product samples in accordance with SAE J726.
