

Toolbox Internet Update

Please follow the instructions below to update your Toolbox data files:

1. Double click on the DCI Toolbox Update icon on your desktop.
 - a. The Update window may take a few seconds to open, so please be patient.
2. Launch your Internet connection and return to the Update box.
3. Choose Internet (see Figure 1).

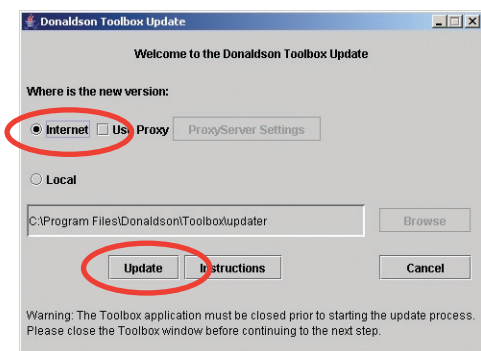

Figure 1:
Toolbox Update Window

4. Click Update in the Toolbox Update Window (see Figure 1).
 - a. The update process may take several minutes (5 to 15 minutes) depending upon the speed of the computer and the size of the update file.

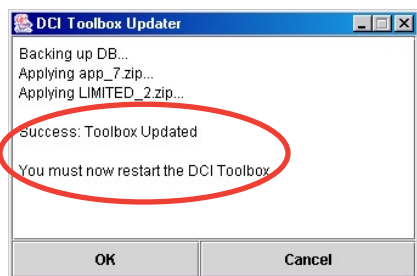

Figure 2:
Toolbox Update Progress Screen. The messages in this window will vary based on the version you are updating.

5. Installation is complete when “Success: Toolbox Updated. You must now restart the DCI Toolbox.” appears in the Updater window (see Figure 2).
6. Click OK to exit the Updater.
 - a. If you have Toolbox running, you will need to close and then re-open the application for the update to take effect.

NOTE: The DCI Toolbox Update icon must remain on your desktop. You will use it to install future updates.
